## **Live #3: Vancouver Fire Fighters “Fire in the Kitchen - Dinner for 8”**

### ***About the Vancouver Fire Fighters Charitable Society***

*During the Great Depression, Firefighters provided food and clothing to the underprivileged on what became known as "Sunshine Days." Vancouver Firefighters have continued this tradition over decades as they donate both their time and money to support a wide variety of important charitable causes.*

*The Vancouver Firefighters' Charitable Society (VFCS) is an organization operated entirely by the Firefighter employees of Vancouver Fire and Rescue Services (VFRS). While the VFCS operates its own events, under its own direction, it does so with support from the VFRS, through provision of fire apparatus and other considerations at some of the events that the charitable contributes to. This support is very much appreciated.*

***A Masterpiece of Design, Capilano Golf Course has Remained True to the Genius Behind It.***

*"Capilano was and still is a tribute to the architectural genius of Stanley Thompson. There is no need for any tampering apart from taking care of the normal wear and tear. The members have a work of art in their care and possession." So said Jock McKinnon upon his retirement, and a generation later the course is still as Mr. Thompson and the Scottish pro would have had it. In fact, more than a decade's worth of what former Course Superintendent Dennis Pellrene refers to as a 'sympathetic restoration' has polished and improved many aspects of the breathtaking layout.*

*A keen sense of stewardship and tradition has guided the membership in all aspects of Capilano Golf & Country Club over the years, and nowhere is that more evident than on the golf course.*
